

November 02, 2025: On Illegal Forces of Oppression and Attempting Entrapment

I am recording the factual details that the 'rate' of vehicle engagement has increased dramatically now since I wrote the last post.

This is clearly an effort to continue agitating me into believing that my own government has turned against me in order for the illegal government to present itself as defending against me as a 'domestic terrorist'.

I am recording the use of the government spy state to create a mirror of oppression over my life to make me into that which it is presenting itself to me that it (the government) actually has become.

To be clear: I am experiencing a distinct and visible form of illegal use of the government to present itself as my enemy that is oppressing me, harassing me, agitating me, and threatening me - for no other reason than to prompt me into recording this as a factual statement so that it can use it against me as an 'enemy' of the government.

Indeed, Donald Trump, you are correct. Since you have revealed to me and our home that you are controlling a large machine of spy technology and criminals, since you caused a gunman to threaten me in my front yard, since you used your tools to follow me to Spain and harass us in that new area as well - I am indeed your personal enemy.

You, Donald Trump, are the criminal! YOU ARE THE TERRORIST! YOU ARE THE CONVICTED FELON THAT IS NOW USING YOUR ACCESS TO THE UNITED STATES GOVERNMENT TO WAGE A WAR AGAINST THE PEOPLE THAT YOU WERE ELECTED TO PROTECT!

FUCK YOU DONALD TRUMP! FUCK YOU FOR USING TERRORISM AGAINST MY HOME! FUCK YOU FOR INVADING CITIES TO CAUSE TERRORISM AGAINST ALL OF YOUR POLITICAL 'ENEMIES'!

YOU ARE A PIECE OF DISGUSTING FILTH, DONALD. YOU ARE A FUCKING CLOWN. YOU, AND YOUR ADMINISTRATION, ARE DISTINCTLY FALLING INTO THE CATEGORY OF KU KLUX KLAN, MASKED TERRORISM AND WHITE SUPREMACY.

I REFUSE TO ACCEPT YOUR HOSTILITIES AGAINST ME AS ANYTHING RESEMBLING A LEGITIMATE FORM OF GOVERNMENTAL CONTROL.

GET FUCKED, YOU OLD PIECE OF ROTTING HORSE SHIT.
